be in vogue for early fall.

The newest fancy for arranging sashes worn with evening dresses is to drape them in a half circle in front letting them swing low around the edge of the over-skirt apron: they are then caught up to the waist on each side and tied muslin dresses, and garlands of flowers are similarly arranged. Velvet sashes are rather heavy for this style, but are

worn nevertheless. Instead of neckties with ruffs, a craat bow with very long ends is worn in front, and is preferred to a brooch. This is a simple bow of black velvet ribbon or of colored gros grain ribbon, two inches wide, with ends a yard long hanging straight down in front. The Since the advent of the Shah the black velvet bows are worn with light dresses while colored bows brighten green, but there is nothing in the black costumes.
